Classification of Passive / Aggressive Orders:

- **Aggressive order** is defined as an order that is submitted to a venue which runs an order book and took liquidity on the order book
- **Passive order** is defined as an order that is submitted to a venue which runs an order book and provided liquidity on the order book
- For orders executed via venues/liquidity providers/market makers not running an order book the passive/aggressive classification is not relevant and thus is not specified.
- No orders are directed as thus field is not specified

Categorisation of Products into Classes of Financial Instruments:

- **Equities** – Shares & Depositary Receipts of Cash Shares covered by the MiFID II tick size regime. Instruments are placed into liquidity bands based on the ADNT (average daily number of transactions) values published by ESMA (Liquidity Band 6 can be seen as representing the most liquid instruments and Liquidity Band 1 the least liquid instruments, based on ADNT values.)
